ITEM A – GROWTH POTENTIAL DISCUSSION

The City Council presented statistics on growth within the City to date and proposed subdivisions/developments which will impact the population of the City and Bullard Independent School District. The discussion centered on the needs that arise from this growth, particularly the need of a new sewer plant south of the City. The City has begun the process of planning for that new sewer plant to be built in the near future, estimated at 2 years, and determining how funding that project will be structured with the anticipation of a bond issue.

ADJOURNMENT

The meeting adjourned at 6:35 p.m.

PAM FREDERICK, MAYOR
